

Download Adobe Creative Cloud Desktop App

The Adobe Creative Cloud desktop app simplifies the process of installing, updating, and launching Adobe desktop apps and services. The following instructions will walk you through the process of installing the Adobe Creative Cloud desktop App on your computer.

1. Open a browser and navigate to <https://creativecloud.adobe.com>.

Please note: if prompted to choose either a Personal Account or a Company or School Account, choose the **Company or School Account** (See Figure 1).

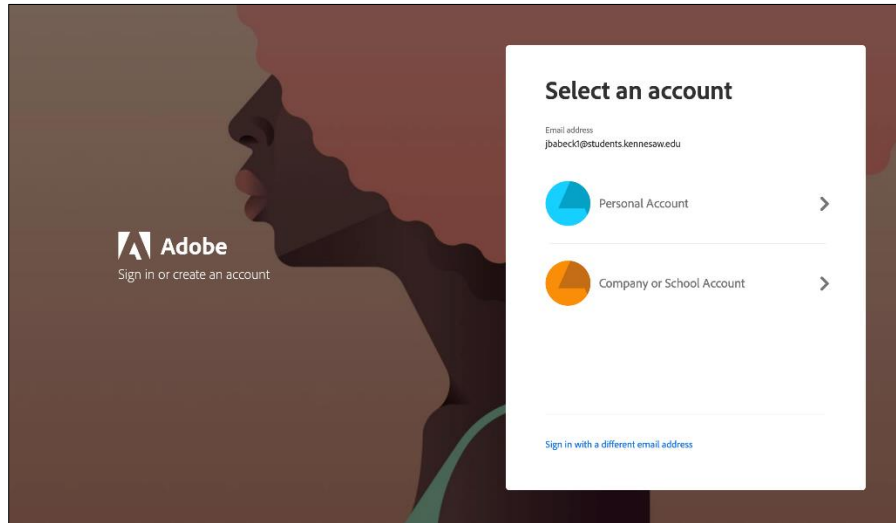

Figure 1 - Select an account

2. Enter your **KSU student email address** (See Figure 2).
3. Click **Continue** (See Figure 2).

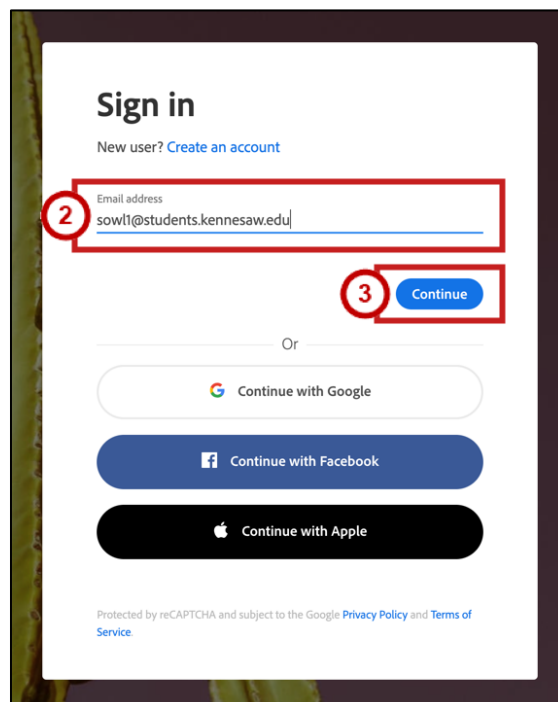

Figure 2 - Enter KSU student email address and click Continue

4. The KSU Login Screen will open. Enter your **KSU email address** and **NetID Password** (See Figure 3).
5. Click **Sign in** (See Figure 3).

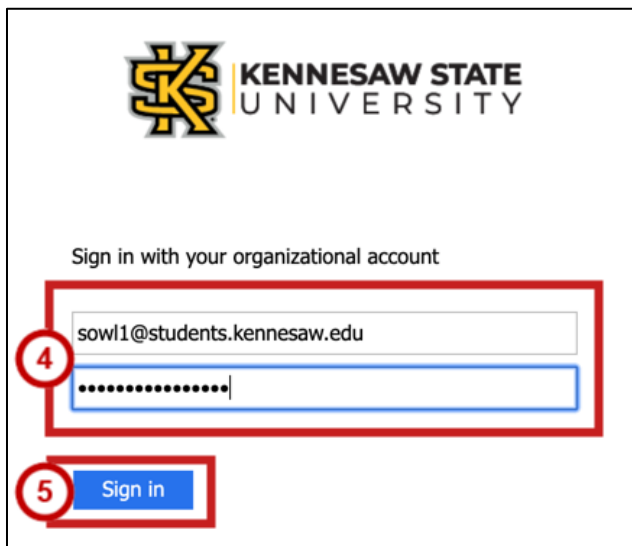

Figure 3 - Enter Email Address and NetID Password and click Sign in

6. Sign in with Duo (See Figure 4).

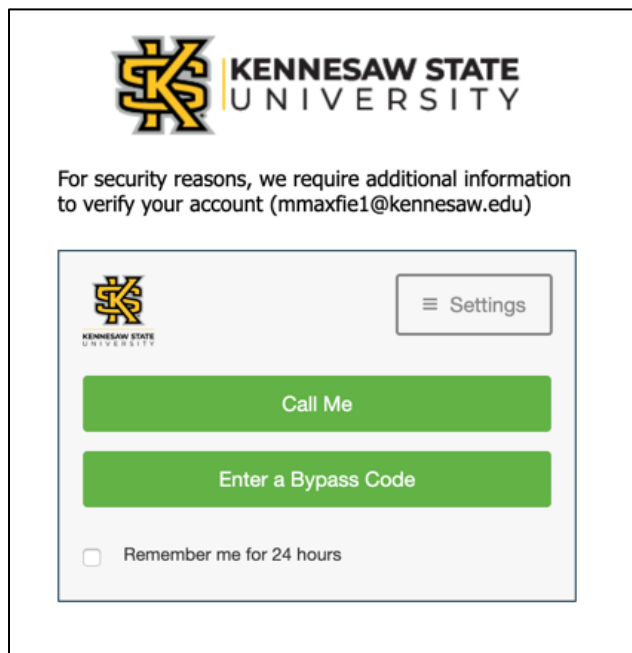

Figure 4 - Sign in with DUO

7. You will be redirected to the Homepage for your *Adobe Creative Cloud* account. Click **Install Creative Cloud app** (See Figure 5).

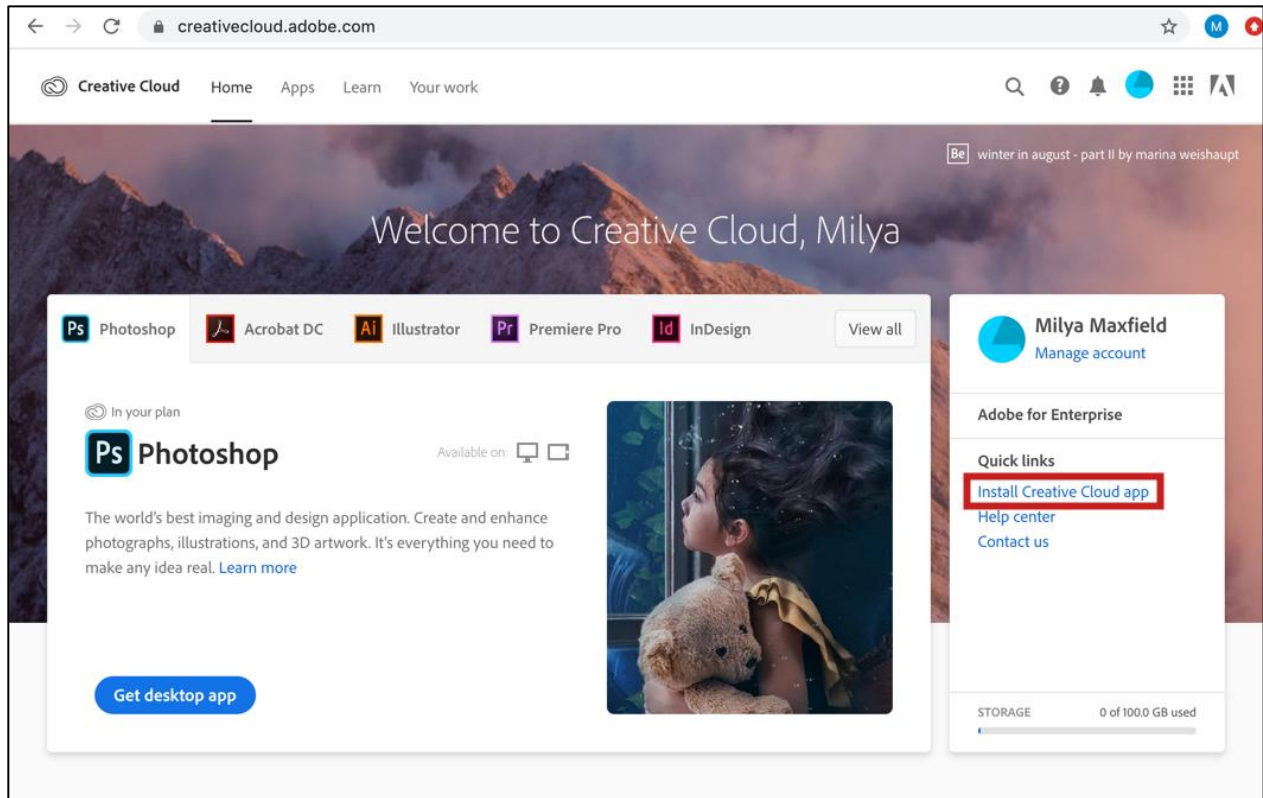

Figure 5 - Click Install Creative Cloud app
