Introduction

Collaborate Ultra is an interactive communication tool that integrates into D2L Brightspace – The Daylight Experience, providing users a greatly enhanced online learning experience. Moderators can have live, online interaction with students and instructors, display and share desktop applications, as well as deliver learning content with session participants. While most Internet browsers will work with Collaborate Ultra, Google Chrome and Mozilla Firefox is most optimized to make the most of the Ultra experience.

The following guide was created using Mozilla Firefox version 57.0 (64-bit).

Learning Objectives

After completing the instructions in this booklet, you will be able to:

- Create a Collaborate Ultra session in D2L Brightspace
- Access the Collaborate Ultra Session
- Perform the audio and video setup
- Understand the Collaborate Ultra interface
- Utilize the presenter tools within Collaborate Ultra
- Access any Collaborate Ultra sessions that have been recorded.

System Requirements

- Windows 7, Windows 8, or Windows 10
- Mac OS 10.9 or higher
- Speakers, microphone, and/or headset
- An Internet connection
- Adobe Flash Player 17 or above

*The optimal Collaborate experience for all users is with Google’s Chrome browser as well as Mozilla Firefox.
Creating a Collaborate Ultra Link in D2L

The following explains how to create a link to Collaborate Ultra using the Content tool.

1. Log into your D2L Brightspace course and navigate to the Content page.
2. Create a new module or select an existing module.
3. Click Existing Activities.

   ![Existing Activities](image1)
   
   **Figure 1 - Click Existing Activities**

Creating a Collaborate Ultra Session

Upon adding the Collaborate Ultra link via Existing Activities/External Learning Tools to your course module, you may create a session for your students. Sessions are web conferences that enable you to engage students in a live web environment. You must create at least one session in order to launch a web conference with your students. The following explains how to create a Collaborate Ultra session in D2L Brightspace – The Daylight Experience:

1. In your D2L Brightspace Content, click the Collaborate Ultra content topic.

![Collaborate Ultra Module](image)

**Figure 5 - Collaborate Ultra Module**

2. Click Create Session.

![Create Session](image)

**Figure 6 - Create Session**

3. The New Session Panel will open. Here, you may:
   a. Session Name – Enter the name of the session (See Figure 7).
   b. Anonymous dial-in – View the phone number and pin for anonymous dial-ins into the session (See Figure 7).
   c. Guest Access – Enable guest access for users outside of D2L Brightspace (See Figure 7).
   d. Guest Role – Set the guest role and view the guest link for users outside of D2L Brightspace (See Figure 7).

![New Session Panel](image)

**Figure 7 - New Session**
4. Under the *Event Details* section, you may:
   a. **Start Date** – Set the start date and start time for the session (See Figure 8).
   b. **End Date** – Set the end date and end time for the session (See Figure 8).
   c. **Open Session** – Set the session as having no end date. This can be used to have an open room throughout the semester (See Figure 8).
   d. **Repeat Session** – Set the session to recur at intervals. For instance, you can set a meeting that recurs every week, bi-weekly or monthly (See Figure 8).
   e. **Early Entry** – Set an early entry time. For instance, you can set the meeting to allow early entry at 15, 30, 45 and 60 minutes before the scheduled start time (See Figure 8).
   f. **Provide a description** – Enter a description for the session (See Figure 8).

![Figure 8 - Event Details](image)
5. Under the Session Settings section, you may:
   a. **Default Attendee Role** – Set the attendee role as Participant, Presenter, or Moderator (See Figure 9).
   b. **Recording** – Allow participants in D2L to download recordings (See Figure 9).
   c. **Anonymize Chat Messages** – Set chat messages to be anonymous in the session (See Figure 9).
   d. **Moderator Permissions** – Set the session to show profile pictures for moderators only (See Figure 9).
   e. **Share audio and video** – Allow participants to share audio and video (See Figure 9).
   f. **Post chat messages** – Allow participants to post chat messages (See Figure 9).
   g. **Draw on whiteboard and files** – Allow participants to draw on whiteboard and files (See Figure 9).
   h. **Enable session telephony** – Allow attendees to join the session using a phone (See Figure 9).
   i. **Private Chat** – Set participant chat permissions (See Figure 9).
Starting Your Collaborate Ultra Session

The following explains how to start your Collaborate Ultra Session.

1. Before starting your session, plug in your headset, microphone, and/or optional webcam.
2. Navigate to your Content in D2L Brightspace.
3. Navigate to the module containing your Collaborate Ultra topic.
4. Click the Collaborate Ultra topic.

7. You will be taken into the Collaborate Ultra session.
The Collaborate Ultra Session Interface

Upon accessing Collaborate Ultra, you will be taken to your session. The session interface is as follows:

a. **Session Menu** - Access *Collaborate Ultra* settings. You can access a call-in phone number and PIN from here so that you may call the session via phone (See Figure 13).

b. **Video Display** - Displays video from you or the other participants in the session (See Figure 13).

c. **My Status and Settings** - Set away status, provide feedback, or leave the session (See Figure 13).

d. **Share Audio** - Shares audio based on your selected microphone (See Figure 13).

e. **Share Video** – Share video based on your selected webcam (See Figure 13).

f. **Raise Hand** - Raises your hand in the session, allowing you to get the attention of other moderators or presenters (See Figure 13).

g. **Collaborate Panel** - Opens the list of participants, moderators, as well as presenters currently logged into the session (See Figure 13).

*Figure 13 - Collaborate Ultra Classroom Interface*
The Session Menu

When clicking **Session Menu**, you will be taken to the Collaborate Ultra Session Menu panel. Here, you can start or stop recording the session as well as use your phone for audio, report issues, and leave the session.

**Starting and Stopping a Session Recording**

1. Click the **Session Menu** icon to open the menu.

   ![Figure 14 - Click Session Menu](image)

2. From the resulting dropdown menu, click **Start Recording**.

   ![Figure 15 - Click Start Recording](image)
3. The session is now being recorded:
   a. A pop-up message will appear indicating that the session is being recorded (See Figure 16).
   b. The recording icon will appear over the session menu (See Figure 16).

![Figure 16 - Session is Being Recorded](image)

4. To stop the recording, click the **Session Menu** icon to open the menu.

![Figure 17 - Click the Session Menu](image)

5. From the resulting dropdown menu, click **Stop Recording**.

![Figure 18 - Click Stop Recording](image)
6. The session has stopped recording:
   a. A pop-up message will appear indicating the recording has stopped (See Figure 19).
   b. The recording menu will disappear over the session menu (See Figure 19).

![Figure 19 - Recording has been Stopped](image)

The layout of the remainder of the **Session Menu** is as follows:

![Figure 20 - Session Menu](image)

a. **Leave Session Menu** – Exits the **Session Menu** (See Figure 14).
b. **Use your phone for audio** – Obtain a call in phone number and PIN so that you may call the session via phone (See Figure 14).
c. **Report an issue** – Report issues with the Collaborate Ultra session (See Figure 14).
d. **Tell me about Collaborate** – Provides quick tutorials regarding use of **Collaborate Ultra** (See Figure 14).
e. **Blackboard Collaborate Help** – Opens the Presenter help page (See Figure 14).
f. **Privacy Policy** – View Blackboard Collaborate’s **Privacy Policy** (See Figure 14).
g. **Leave Session** – Exits the Collaborate Ultra session (See Figure 14).
The Collaborate Panel

When clicking the **Collaborate Panel** on the Collaborate Ultra main page, you will be taken to the **Collaborate Panel**. The **Collaborate Panel** provides tools to help you collaborate with all users in the session. It contains tabs that allow access to a variety of features that facilitate session interaction. The layout for the **Collaborate Panel** is as follows:

- **Panel Content** – Displays the various panels, depending on the tab that has been selected (See Figure 15).
- **Chat** – Chat with people in the session (See Figure 15).
- **Participants List** – See who is in the meeting (See Figure 15).
- **Share Content** – This is where moderators and presenters can share a whiteboard, application screens, files, or polls (See Figure 15).
- **My Settings** - Update your profile picture, online status, audio and video settings, and notification settings (See Figure 15).
- **Panel Content** - Displays the various panels, depending on the tab that you have selected (See Figure 15).

9. If you have selected your preferred webcam and verified that it is working, click **Yes – It’s Working**.

   ![Figure 30 - Click Yes - It’s Working](image)
Changing Notification Settings

You have the ability to adjust your notification settings within Collaborate Ultra. For example, you can be notified when someone posts a chat message, when someone raises their hand in the session, or when someone has joined or left the breakout session. The following explains how to adjust your notification settings:

1. From the My Settings window, located in the Collaborate Panel, click Notification Settings.

   ![Figure 31 - Notification Settings]

2. The Notification Settings list appears. The layout of the Notification Settings list is as follows:
   a. **Session Notifications** – Indicate whether you wish to have a visual or audio notification for when someone joins or leaves the session or breakout group (See Figure 26).
   b. **Chat Message Notifications** – Indicate whether you wish to have a visual or audio notification when someone posts in the chat (See Figure 26).
   c. **Closed Captioning Notification** – Indicate whether you wish to have a visual notification when closed captioning is available (See Figure 26).
   d. **Raised Hand Notifications** – Indicate whether you receive a visual or audio notification when someone raises their hand (See Figure 26).

   ![Figure 32 - Notification Settings List]
3. When you have finished editing your notification settings, Close Collaborate Panel.

Setting Up Phone for Audio

The following explains how to utilize your phone for audio in Collaborate Ultra.

1. Click the Open Session Menu.

2. The Session Window will appear. Click Use your phone for audio.

3. A Phone Number and Pin will appear. Use these numbers to access the session from your phone.
Sharing Audio

After selecting your preferred microphone, you are ready to share your audio. The following explains how to do so:

1. In the Collaborate Ultra session, click the Share Audio button.

![Figure 37 - Share Audio](image)

2. Your audio will be shared and the audio indicator icon will be active. From here, you can speak into your microphone, thus sharing your audio with the session participants. To end the audio share, click Mute Audio.

![Figure 38 - Mute Audio](image)

Sharing Video

The following explains how to share video in Collaborate Ultra.

1. Click the Share Video button.

![Figure 39 - Share Video](image)

2. The Video Preview screen will appear. Click Share Video when you are ready to share your video.

![Figure 40 - Video Preview window](image)
3. Your video will be shared. To end the video share, click **Mute Video**.

![Mute Video](image)

**The Participants List**

The **Participants List** displays all of the users participating (moderators, presenters, participants) who are currently in the room. By default, **Moderators** are displayed at the top of the list. To access the participants list:

1. Click **Open Collaborate Panel**.

![Open Collaborate Panel](image)

2. The **Collaborate Panel** will open. Click **the Participants Panel**.

![Open Participants List](image)

3. Upon clicking **Open Participants List**, the Participants List will open.

![Participants List](image)
Keeping the Participant List Open at all Times

You have the ability to keep the Participant list at all times during the session. This will allow you to chat with others in the room and see everyone in the session at the same time. The following explains how to keep the Participants list open during the session.

1. In Collaborate Ultra, open the Collaborate panel.
2. Drag and drop the Participants icon to the Collaborate Media Space.

3. The Participant List will remain open on top of the media space.
Searching for Participants
The following explains how to search for participants in a session.

1. On the Participants List, click More Options.

![Figure 47 - More Options](image)

2. Click Find participant.

![Figure 48 - Find Participant](image)

3. Type the name of the participant that you wish to find.

![Figure 49 - Search for the participant](image)
Muting All Participants
The following explains how to mute all participants in the room.

1. On the Participants list, click More Options.

   ![Figure 50 - More Options]

2. Click Mute All. All participants in the room will be muted.

   ![Figure 51 - Mute All]

Merging the Participant Panel
The following explains how to merge the Participant list with the Collaborate Panel.

1. On the Participants list, click More Options.
2. Click Merge Panel. The panel will be placed within the Collaborate Panel.

   ![Figure 52 - Merge Panel]

Changing User Roles
Through the Participants List, you may convert a user’s role. For instance, you can make the user a moderator, giving them full control of the session, give them presenter access which allows them to share files as well as their desktop, or give them participant access which simply allows them to view the active session.

1. From the Participant’s List, click the Attendee Controls by the user you wish to make a moderator.

   ![Figure 53 - Click the user]
2. Select the new user role.

![Click Make Moderator](image)

Figure 54 - Click Make Moderator

3. The user role will be changed.

**Raising Hands**

You have the ability to raise and lower your hand during the session. Depending on notification settings, when you use this feature, moderators may receive a notification that a hand has been raised. To raise your hand, click the **Raise hand** icon.

![Raise Hand](image)

Figure 55 - Raise Hand

To lower your hand, simply click **Lower Hand**.

![Lower Hand](image)
