Introduction

Collaborate Ultra is an interactive communication tool that integrates into D2L Brightspace – The Daylight Experience, providing users a greatly enhanced online learning experience. If your instructor has granted you Presenter access, you can have live, online interaction with students and instructors, display and share your desktop applications, as well as deliver learning content with session participants. While most Internet browsers will work with Collaborate Ultra, Google Chrome and Mozilla Firefox is most optimized to make the most of the Ultra experience.

The following guide was created using Mozilla Firefox version 57.0 (64-bit).

Learning Objectives

After completing the instructions in this booklet, you will be able to:

- Create a Collaborate Ultra session in D2L Brightspace
- Access the Collaborate Ultra Session
- Perform the audio and video setup
- Understand the Collaborate Ultra interface
- Utilize the presenter tools within Collaborate Ultra
- Access any Collaborate Ultra sessions that have been recorded.

System Requirements

- Windows 7, Windows 8, or Windows 10
- Mac OS 10.9 or higher
- Speakers, microphone, and/or headset
- An Internet connection
- Adobe Flash Player 17 or above

*The optimal Collaborate experience for all users is with Google’s Chrome browser as well as Mozilla Firefox.
Creating a Collaborate Ultra Link in D2L

The following explains how to create a link to Collaborate Ultra using the Content tool.

1. Log into your D2L Brightspace course and navigate to the Content page.
2. Create a new module or select an existing module.
3. Click Existing Activities.

5. Click Collaborate Ultra from the drop-down list.

6. The Collaborate Ultra link will be added to your content.
Creating a Collaborate Ultra Session

Upon adding the Collaborate Ultra link via Existing Activities/External Learning Tools to your course module, you may create a session for your students. Sessions are web conferences that enable you to engage students in a live web environment. You must create at least one session in order to launch a web conference with your students. The following explains how to create a Collaborate Ultra session in D2L Brightspace – The Daylight Experience:

1. In your D2L Brightspace Content, click the Collaborate Ultra content topic.

   ![Collaborate Ultra Module](image)
   
   Figure 5 - Collaborate Ultra Module

2. Click Create Session.

   ![Create Session](image)
   
   Figure 6 - Create Session

3. The New Session Panel will open. Here, you may:
   a. **Session Name** – Enter the name of the session (See Figure 7).
   b. **Anonymous dial-in** – View the phone number and pin for anonymous dial-ins into the session (See Figure 7).
   c. **Guest Access** – Enable guest access for users outside of D2L Brightspace (See Figure 7).
   d. **Guest Role** – Set the guest role and view the guest link for users outside of D2L Brightspace (See Figure 7).

   ![New Session](image)

4. Under the *Event Details* section, you may:
   a. **Start Date** – Set the start date and start time for the session (See Figure 8).
   b. **End Date** – Set the end date and end time for the session (See Figure 8).
   c. **Open Session** – Set the session as having no end date. This can be used to have an open room throughout the semester (See Figure 8).
   d. **Repeat Session** – Set the session to recur at intervals. For instance, you can set a meeting that recurs every week, bi-weekly or monthly (See Figure 8).
   e. **Early Entry** – Set an early entry time. For instance, you can set the meeting to allow early entry at 15, 30, 45 and 60 minutes before the scheduled start time (See Figure 8).
   f. **Provide a description** – Enter a description for the session (See Figure 8).

![Figure 8 - Event Details](image-url)
5. Under the **Session Settings** section, you may:
   a. **Default Attendee Role** – Set the attendee role as *Participant, Presenter, or Moderator* (See Figure 9).
   b. **Recording** – Allow participants in D2L to download recordings (See Figure 9).
   c. **Anonymize Chat Messages** – Set chat messages to be anonymous in the session (See Figure 9).
   d. **Moderator Permissions** – Set the session to show profile pictures for moderators only (See Figure 9).
   e. **Share audio and video** – Allow participants to share audio and video (See Figure 9).
   f. **Post chat messages** – Allow participants to post chat messages (See Figure 9).
   g. **Draw on whiteboard and files** – Allow participants to draw on whiteboard and files (See Figure 9).
   h. **Enable session telephony** – Allow attendees to join the session using a phone (See Figure 9).
   i. **Private Chat** – Set participant chat permissions (See Figure 9).

Sharing Audio

After selecting your preferred microphone, you are ready to share your audio. The following explains how to do so:

1. In the Collaborate Ultra session, click the Share Audio button.

![Figure 31 - Share Audio](image)

2. Your audio will be shared and the audio indicator icon will be active. From here, you can speak into your microphone, thus sharing your audio with the session participants. To end the audio share, click Mute Audio.

![Figure 32 - Mute Audio](image)

Sharing Video

The following explains how to share video in Collaborate Ultra.

1. Click the Share Video button.

![Figure 33 - Share Video](image)

2. The Video Preview screen will appear. Click Share Video when you are ready to share your video.

![Figure 34 - Video Preview window](image)
3. Your video will be shared. To end the video share, click **Mute Video**.

![Figure 35 - Mute Video](image)

**The Participants List**

The **Participants List** displays all of the users participating (moderators, presenters, participants) who are currently in the room. By default, **Moderators** are displayed at the top of the list. To access the participants list:

1. Click **Open Collaborate Panel**.

![Figure 36 - Open Collaborate Panel](image)

2. The **Collaborate Panel** will open. Click the **Participants Panel**.

![Figure 37 - Open Participants List](image)

3. Upon clicking **Open Participants List**, the Participants List will open.

![Figure 38 - The Participants List](image)
Keeping the Participant List Open at all Times

You have the ability to keep the Participant list at all times during the session. This will allow you to chat with others in the room and see everyone in the session at the same time. The following explains how to keep the Participants list open during the session.

1. In Collaborate Ultra, open the Collaborate panel.
2. Drag and drop the Participants icon to the Collaborate Media Space.

The Participant List will remain open on top of the media space.
Searching for Participants
The following explains how to search for participants in a session.

1. On the Participants List, click More Options.

![Figure 41 - More Options]

2. Click Find participant.

![Figure 42 - Find Participant]

3. Type the name of the participant that you wish to find.

![Figure 43 - Search for the participant]

1. On the Participants list, click More Options.
2. Click Merge Panel. The panel will be placed within the Collaborate Panel.

   ![](image3)

   Figure 46 - Merge Panel

Changing User Roles
Through the Participants List, you may convert a user’s role. For instance, you can make the user a moderator, giving them full control of the session, give them presenter access which allows them to share files as well as their desktop, or give them participant access which simply allows them to view the active session.

1. From the Participant’s List, click the Attendee Controls by the user you wish to make a moderator.

   ![](image4)

   Figure 47 - Click the user
2. Select the new user role.

![Figure 48 - Click Make Moderator](image)

3. The user role will be changed.

**Raising Hands**

You have the ability to raise and lower your hand during the session. Depending on notification settings, when you use this feature, moderators may receive a notification that a hand has been raised. To raise your hand, click the **Raise hand** icon.

![Figure 49 - Raise Hand](image)

To lower your hand, simply click **Lower Hand**.

![Figure 50 - Lower Hand](image)

**The Chat Panel**

Collaborate Ultra allows you to exchange messages with others during the session via the **Chat Panel**. The following explains how to use the Chat Panel.

1. From the **Collaborate** Panel, click **Open Chat** to open the chat list.

![Figure - Open Chat](image)
2. The Chat panel will open. Select who you wish to chat with. In this example, we wish to chat with everyone in the room. To do so, we will click Everyone.

![Chat with Everyone](image1)

3. Type your message in the Chat Text field and press enter on the keyboard.

![Chat Text Box](image2)

4. If participants currently in the room do not have the chat list open, they will receive a pop-up notification.

**Changing Participant Permissions**

The following explains how to change participant permissions while in the session:

1. From the Collaborate Panel, click **My Settings**.

![More Tools](image3)

2. Click **Session Settings**.

![Session Settings](image4)
3. The *Session Settings* list will open. Here, you can set whether participants can share audio, video, post chat messages, or draw on the whiteboard and on files.
