Gradescope
Gradescope lets instructors save time on grading so that they can do more of what matters – teaching! It is designed as a feedback and assessment platform for many types of work, including paper exams, digital homework, and programming assignments. Gradescope is integrated with D2L Brightspace and is available to add to KSU courses.

Add Gradescope to Your Course in D2L Brightspace
Follow the steps below to add the Gradescope link to your course’s Content in D2L Brightspace:
1. Navigate to your course.
2. From the Course Homepage, under Content Browser drop-down, click the Go to Content menu item.
3. Under an existing or new module, click the Existing Activities button.
5. Click Gradescope
Next you will need to configure Gradescope to sync students that are in the roster for your course. Follow the steps below to sync your roster to Gradescope:

6. Click on Gradescope link that you have created in your D2L Brightspace course.

![Gradescope Link](Figure 5 - Click Gradescope Link)

7. The Gradescope Link to Brightspace Course setup will pop-up to link to Gradescope. Click on the option A new Gradescope Course to set up the link between Gradescope and D2L Brightspace.

8. Once A new Gradescope Course has been highlighted, click on Link Course. This will add the Gradescope module to the course.

![Link Course](Figure 6 - Click on “A new Gradescope Course”; then click on “Link Course”)

9. The Course Settings page will open to make any necessary changes to the Gradescope course. Once changes are made, click on Update Course.

Syncing Grades from Gradescope to D2L Brightspace

Syncing grades can happen once an assignment from D2L Brightspace has been created and a Gradescope assignment has been created and graded.

8. Once grading has been completed, click on Post Grades to Brightspace

9. A window that displays: Post Grades to Brightspace will appear. Please Note: a grade item must be created in D2L Brightspace first which can be synced to the Gradescope assignment.

10. Click on edit next to “No Brightspace assignment linked.”
11. A new window will appear that will allow you to **Link Brightspace Assignment**. From here, select from the **dropdown** the appropriate assignment to link to the Gradescope assignment.

12. Then click on **Link Assignment**

![Figure 20 – Select Assignment and Click on Link Assignment](image)

13. This will take you back to the Assignment Settings where you will see that the Assignment from Brightspace has been linked to the Assignment from Gradescope.
