

Install Adobe Desktop Apps with Creative Cloud

Download Adobe Creative Cloud Desktop App

The Adobe Creative Cloud desktop app simplifies the process of installing, updating and launching Adobe desktop apps and services. The following instructions will walk you through the process of installing the Adobe Creative Cloud desktop app on your computer.

Note: Your account will need permission to install software to complete this process.

1. Open a browser and navigate to <https://www.adobe.com>.
2. Click **Sign in** at the top right corner of the page.
3. Once the *Adobe ID sign in page* loads, click **Sign in with an Enterprise ID**.
