VoiceThread is an online tool for having conversations around media, such as images or video. Integrated into D2L Brightspace, you can participate in the conversation via webcam, microphone, or typed text. There are three types of VoiceThread assignments that can be submitted via D2L. Follow the steps below to learn how to submit each assignment type.

**Browser Requirements for HTML5 Compatibility**
VoiceThread is supported in the following browsers:
- Google Chrome
- Mozilla Firefox

VoiceThreads can be opened and viewed, but audio and video cannot be recorded in the following browsers. As these browsers evolve to support HTML5, this may change.
- Safari
- Microsoft Edge

Internet Explorer does not support HTML5 and therefore cannot be used with VoiceThread.

For the best possible experience, your web browser should be fully up to date, but at minimum no more than two versions behind.

**Submitting a Create-a-VoiceThread Assignment**
Follow the steps below to submit a Create-a-VoiceThread Assignment in D2L Brightspace.
1. Log in to D2L Brightspace.
2. Navigate to your course.
3. Locate the VoiceThread assignment link provided by your instructor.
4. Click on the **Create new VoiceThread** button at the top of the page. This will open the *Create* screen in a new browser tab/window.

5. Click **Add Media** and add all of your slides to your VoiceThread. You can repeat this process as many times as you need.

6. Here, you can upload from your computer, record audio, or video directly onto the slide, or import from a URL.
7. A pop up window will appear asking you to title your VoiceThread.

![Thread Settings]

8. Click on **Comment** at the top of the page.

![Comment]

9. Record your comments, and close the VoiceThread when you are done.

10. Click **Submit Assignment** at the top of the page, then confirm by clicking **Submit Assignment** again on the pop-up.

![Submit Assignment]

**Note:** If you want to share your submission with your whole class, check the box for “and share with class” before submitting. If you do not check this box, your submission will only be shared with your Instructor.
Submitting a Commenting Assignment

Follow the steps below to submit a Commenting VoiceThread Assignment in D2L Brightspace.

1. Log in to D2L Brightspace.
2. Navigate to your course.
3. Click on the VoiceThread assignment link provided by your instructor. This will open your assignment.
4. Review the information on the left for a description and requirements of the VoiceThread.

5. Click the (†) Comment button at the bottom of the VoiceThread to add your comments.
6. Click **Submit Assignment** in the top-left corner of the page.
