Utilizing the Recording Feature in the ECF Classrooms

Starting a Recording

The ECF Classrooms have a built-in recording feature that allows you to capture lectures in your classroom environment. The following documentation serves as a getting started guide with utilizing the classroom’s recording feature.

1. To begin, tap the Instructor Cart Touch Panel to turn on the instructor cart.
2. Tap your preferred display to project to. You have the option of projecting across All Displays, Projector only, Projector/SMART Board only, Display only, or Recording only.

Figure 1 - Selecting Display Options

3. Log onto the computer with your NetID credentials.
4. Open Mozilla Firefox and navigate to https://mediaspace.kennesaw.edu (See Figure 2).
5. Top right corner of the browser window, click Guest (See Figure 2).
6. Click Login (See Figure 2).

Note: For more information on logging into MediaSpace, please visit the documentation center at [https://uits.kennesaw.edu/cdoc](https://uits.kennesaw.edu/cdoc)

12. The Kaltura CaptureSpace Desktop Recorder will open.
13. In the *Kaltura CaptureSpace Desktop Recorder*, click the **SETTINGS** tab.
14. In the **Settings** tab, verify that the *webcam* is set to **AV Bridge**.
15. If there is no video signal, tap the **Recording** button, located on the instructor cart touch panel.

**Figure 6 - Recording**

16. Verify that either **Camera 1** or **Camera 2** are selected.

![Image](image2.png)

**Figure 7 - Select a Camera**

17. The **Recording** screen will be displayed. Here, you may:
   a. Select your preferred camera (See Figure 8).
   b. Select a **Camera Preset** (See Figure 8).
   c. **Zoom In/Out** (See Figure 8).
   d. **Pan/Tilt** (See Figure 8).

![Image](image3.png)

**Figure 8 - Recording Screen**
18. In the Settings tab, verify that the microphone is set to Microphone (AV Bridge).

19. If you wish to adjust the room’s microphone volume level:
   a. Tap **Mic Volume** on the **Instructor Cart** touch panel.

   ![Figure 9 - Tap Mic Volume](image)

   b. You will be taken to the **Mic Volume** screen. Here, you may adjust the volume for the ceiling mounted microphone or the lavaliere microphone.

   ![Figure 10 - Microphone Levels](image)

   c. Tap **Close** to exit the Microphone volume window.
20. When you are ready to record your session, click the Record tab in the Kaltura CaptureSpace Desktop Recorder (See Figure 11).
21. Click your preferred recording option (See Figure 11).

![Figure 11 - Select Recording Option](image1)

22. Select your screen capture options (See Figure 12).
23. Click Record (See Figure 12).
