Registering an iPad for Duo Two-Factor Authentication

iPad

Registering Your iPad
Prior to using the Duo Mobile app on your iPad, you must connect to your Duo account to register your iPad as a new device to use for authentication. The following explains how to register your iPad to use for authentication with your KSU Duo account:

1. In your browser, navigate to https://uits.kennesaw.edu/duo.
2. The Duo homepage will load. On the left menu bar, click Duo Device Registration.

![Figure 1 - Click Discussions](image)

3. The Central Authentication Service page will load. Enter your NetID and NetID password (See Figure 2).
4. Click Login (See Figure 2).

![Figure 2 - Click External Learning Tools](image)
5. You will be asked to select a method of identity authentication. This device used to authenticate must already be configured and be in use for your KSU Duo account. In this example, as indicated by push method recommendations, select the following:
   a. Select the **Smartphone device** already configured for your account (e.g., Android or iPhone) (See Figure 3).
   
   b. Click **Send Me a Push** (notification) (See Figure 3).

   ![Figure 3 - Select Identity Authentication Method](image)

6. Once verified using the push notification for the selected device, Click **Add a new Device** (See Figure 4).

7. The **What type of device are you adding** window opens. Select **Tablet** (See Figure 4).

8. Click **Continue** (See Figure 4).

   ![Figure 4 - Select Device](image)
**Note:** The *Install Duo Mobile for iOS* window may open. If it does, click *I have Duo Mobile Installed* and proceed to step 9; otherwise, skip to step 12.

9. The *Finish by Connecting to Duo Mobile* window will open. Click *Take me to Duo Mobile* and proceed to step 10.

10. Click *Open*.

11. Click *Continue*.
12. The *Activate Duo Mobile for iOS* screen will open. On your iPad, open *Duo Mobile* app and scan the barcode on the [https://uits.kennesaw.edu/duo](https://uits.kennesaw.edu/duo) site.

**Note:** For more set up options, such customization the device, go to [https://uits.kennesaw.edu/duo](https://uits.kennesaw.edu/duo).
Receiving a Push Request via the Duo Mobile App

When you select *Send Me a Push* as your authentication method, you will receive a push notification on your iPad via the Duo Mobile app.

If notifications are enabled, the push will appear as a notification on your lock screen. Swipe across the notification to access the *Login Request* page.

![Figure 12 - Duo Push on the Lock Screen](image)

If you do not see a notification on your lock screen, open the Duo Mobile app and tap **Request Waiting**.

![Figure 13 - Request Waiting](image)

After swiping the notification or opening the Duo Mobile app, the *Login Request* page loads. Tap **Approve** to access your account.
