Initial Setup
The first time you turn on your iPad Mini, you will be asked to run through a sequence of steps to set it up. These instructions will guide you through the quickest, most basic initial setup. When prompted to set up an optional feature, you can follow this quick guide to skip the step or follow the additional prompts on the iPad screen to set up the feature during the initial set up.

1. Press the **Home** button to activate your iPad.

![Figure 1 - Press Home Button](image)

**Note:** If the iPad does not activate with the *Home* button, you may need to turn the iPad on.

2. You will be prompted to select a primary language for your device. Tap your preferred **language option**.

![Figure 2 - Tap Language Option](image)
3. You will be prompted to select a country or region. Tap your Country or Region from the list.

![Figure 3 - Tap Country or Region](image)

4. The Quick Start menu for continuing set up will display. Tap Set Up Manually.

![Figure 4 - Tap Set Up Manually](image)
5. You will be prompted to select a Wi-Fi Network. Tap **KSU**.

![Choose a Wi-Fi Network](image)

**Figure 5 - Tap KSU**

**Note:** If you do not have access to KSU Wi-Fi, please follow the steps as indicated by your wireless provider to connect to the internet.

6. A pop-up window will appear asking you to enter your login credentials.
   a. Enter your **NetID** and **NetID password** (See Figure 6).
   b. Tap **Join** (See Figure 6).

![Enter NetID and Password and Tap Join](image)

**Figure 6 - Enter NetID and Password and Tap Join**

7. A checkmark will display beside the preferred network once it has successfully connected (See Figure 7).

8. Tap **Next** (See Figure 7).
9. Information about Data and Privacy will display. When finished reading, Tap Continue.

![Figure 8 - Tap Continue](image)

10. Information about Apps and Data will display. Tap Don’t Transfer Apps & Data.

![Figure 9 - Tap Don’t Transfer Apps & Data](image)
11. Information about Remote Management will display. Read and tap **Next**.

![Figure 10 - Tap Next](image)

12. The Remote Management authentication screen will display.
   a. Enter your **NetID** and **NetID password** (See Figure 11).
   b. Tap **Next** (See Figure 11).

![Figure 11 - Enter NetID and NetID password and Tap Next](image)
13. You will be prompted to set up Touch ID. Tap **Set Up Touch ID Later**.

![Figure 12 - Tap Set Up Touch ID Later](image)

14. You will be asked to confirm your selection. Tap **Don't Use**.

![Figure 13 - Tap Don't Use](image)
15. You will be prompted to create a passcode for identity verification.
   a. Enter a **passcode** with 6 or more characters (See Figure 14).
   b. Tap **Next** (See Figure 14).

   ![Figure 14 - Enter Passcode and Tap Next](image1)

**Note:** You may see a pop-up message that the passcode you selected can be easily guessed. Tap **Use Anyway** to keep the passcode as is or tap **Change Passcode** and repeat the previous step to change it.

16. You will be asked to re-enter your passcode.
   a. Re-enter your **passcode** (See Figure 15).
   b. Tap **Next** (See Figure 15).

   ![Figure 15 - Re-enter Passcode and Tap Next](image2)
17. Information about using *Express Settings* will display. Tap **Continue**.
