

## Connecting to KSU WiFi on Windows 10

You may connect to the KSU WiFi using your Windows 10 computer as well as your KSU NetID. The following quick guide walks you through connecting to the KSU WiFi using a Windows 10 computer.

1. Click the **network icon** from the system tray in the lower right corner of the screen.

Figure 1 - Click Network Icon

2. The list of available wireless networks appears. Click **KSU**.

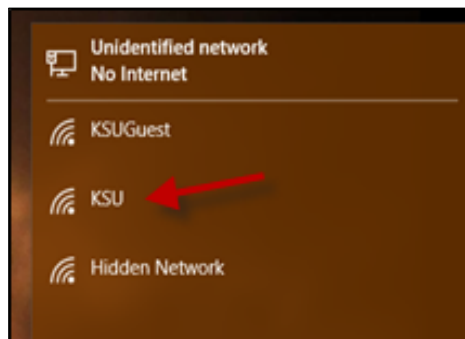

Figure 2 - Click KSU

3. Click **Connect**.

Figure 3 - Click Connect

4. Enter your **NetID username** and **password**, and then click **OK**.

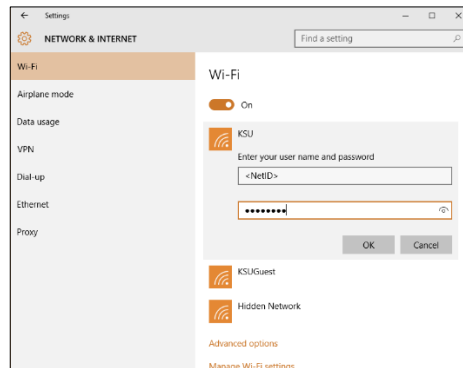

Figure 4 - Enter NetID Username and Password

5. Click **Connect** to accept the certificate.

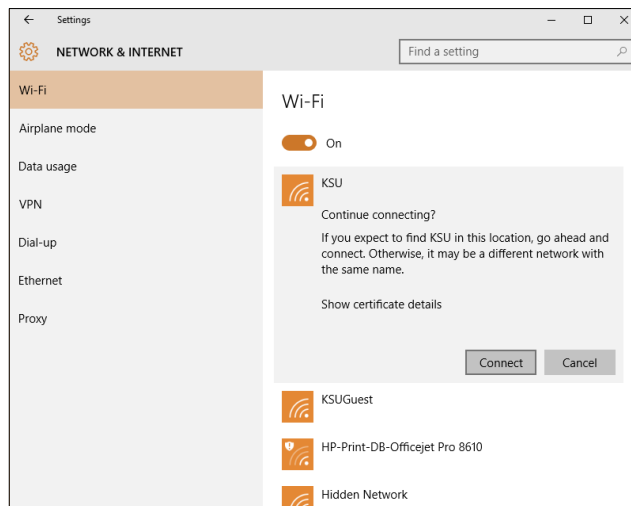

Figure 5 - Click Connect

6. You will then be connected to the KSU WiFi.
